Sponsor the Council for the Model Aquatic Health Code (CMAHC)

What is the CMAHC? A nonprofit organization created to support and improve public health by promoting healthy and safe aquatic experiences for everyone.

Our Role: We serve as a national conduit for giving the Centers for Disease Control & Prevention (CDC) input and advice on improving CDC’s Model Aquatic Health Code (MAHC).

What is the MAHC? A data-driven, science-based model code developed to help government agencies and the aquatics sector reduce risk of outbreaks, drowning, and chemical poisoning at public pools.

Your Role as a Strategic Partner: Sponsoring the CMAHC demonstrates your commitment and leadership in promoting safer and healthier aquatic experiences for everyone.
